Standard Case Management

Standard Case Management helps clients connect to AspenPointe and community resources including benefits procurement, housing or transportation services, coordination with other community providers and many other community resources. In addition, Standard Case Management assists clients in learning daily living skills that will lead to more independent living.

Overview:

Standard case management services are intended to provide additional supports to clients who are engaged in outpatient services. Possible case management referrals include: benefit procurement, assisting clients with housing or transportation services, attending community staffing, linkage with community supports, and assisting clients in learning daily living skills that will lead to more independent living.

Eligibility Criteria:

Any client currently opened to a clinician at the Adult Services. Clinician and client will meet to discuss the benefits of receiving Case Management, and a referral will be completed based on the determined need.

Hours:

Monday-Friday 8 a.m. to 5 p.m.
